2 Day Loch Ness Weekender

Depart: Edinburgh, Saturday
Finish: Edinburgh, Sunday

Escape the hustle and bustle of the weeks grind and free your mind for a weekend of relaxation and fun with our 2 day trip in search of...THE MONSTER OF LOCH NESS!!!

You will be taken on an amusing & amazing journey into the heart of the Highlands. You'll pass through quaint towns & villages, go for a wander in the woods, and walk on lands where important battles and savage massacres once took place. You'll also get the chance to go for a swim in Loch Ness alongside 'Nessie', the mythical creature who is supposed to inhabit the deep dark waters. This may seem like complete madness, but those who are brave enough or daft enough to partake in a quick 'dook' (as we would say in Scotland), will never regret doing so. Those of you who have way too much common sense can stay warm on the shore and admire the breathtaking scenery of this world renowned site.

After a great day's touring, it's off to our cosy we hostel in Inverness, the Capital of the Highlands. Once you're checked in, the evening is yours to go out and explore the city and check out everything it has to offer.

All in all, a great way to spend a weekend!
