Mountains, Lochs & Whisky!

A relaxing day out exploring the stunning scenery of Highland Perthshire. Includes a visit to one of Scotland's oldest distilleries and chance to sample some malt whisky

We head for the Highlands to take in some famous sights, as well as getting off the beaten track to discover some wonderful hidden gems. First stop is the impressive Wallace Monument, overlooking historic Stirling with its stunning castle. Hear tales of William Wallace and get the real story behind the legend with our expert local guides

Meet a 'hairy coo' as we head into the Highlands. We skirt the Trossachs (Rob Roy country) and view the impressive Falls of Dochart. Then journey alongside beautiful Loch Tay, under the towering peaks of Ben Lawers. What better way to end the day, than with a wee dram? Whisky tasting at Scotland's oldest distillery (Glenturret and The Famous Grouse Experience). Finally, it's over the magnificent Forth Bridge and back to Edinburgh.
